Here by freely and voluntarily give my **CONSENT** to participate to the interviews for the Security Engineering course focusing on the comparison of two risk-based methods, CORAS and SecRAM. The interviews are held on January \_\_\_\_ 2014 and are organized and conducted by **Prof. Fabio Massacci, Dr. Federica Paci and Ms. Katsiaryna Labunets** (Principal Investigators) in the premises of the University of Trento.

As part of the research activity, the interviews will be audio recorded for successive analysis.

By giving my consent, I understand that:

- 1) It is my right to withdraw from the experiment at anytime;
- 2) Any audio recordings, and information about me will be treated as confidential by the research team members;
- 3) Audio recordings of the interviews will be stored in a protected folder by the organizing team and only used for research purposes related to the evaluation of methodologies for Security Requirements and Risk Analysis;
- 4) In any publication resulting from these interviews, my personal details will not be revealed and it will not be possible to retrieve any data which might disclose my identity;
- 5) My address and other personal identifiable information may be disclosed only in case of formal ethical investigations by scientific journals or academic societies challenging the existence itself of this empirical investigation.

• I agree/do not agree to participate to the interview.

• I agree/do not agree to the session being audio taped.

• I agree/do not agree that short extracts of interview transcripts, in which what I say or what I do cannot be precisely determined and that cannot in any way damage my reputation, may be used by the University of Trento for dissemination and illustrative purposes of the research results.

• I would like/would not like to receive publications stemming from the direct analysis of this experimental session. For the sole purpose of receiving these publications I provide here my email address
